Another active week at NCIS. With many new and important developments taking place in our industry, we bring you a “round-up” of NCIS activities, meetings, projects and progress. A list of future events will also be included in each edition.

We welcome your comments and look forward to sharing this update with you.

NCIS Participates in Federal Reserve Training Session

NCIS Vice President, Mike Sieben, and General Counsel, John Owen, participated in a “rapid response” training session on October 5 sponsored by the Federal Reserve System. Topics included coverage levels and options available to producers who borrow money from state or federally chartered banks, the necessary documentation for protecting lenders’ interests in such loans when they are secured by proceeds of crop insurance, and reinsurance terms. The program was organized by the Federal Reserve Bank of St. Louis, and participants included examiners from each Federal Reserve District, the Board of Governors in Washington D.C., and fourteen state bank commissioners.

New Adjuster Video Released

Last week NCIS released a new video that focuses on the overall training and role adjusters play in getting crop insurance claims processed efficiently and accurately. The footage was shot during the Cotton and Grain Sorghum school in Lubbock, Texas at the end of July. You can watch the video by visiting the NCIS YouTube channel at <http://www.youtube.com/ncisamerica>.
