## 2015 NCIS Crop-Hail Wheat and Soybean School/Field Day

Approximately 90 loss adjusters and supervisors participated in the NCIS Crop Hail Wheat and Soybean School held in Columbia, Missouri, June 11 and 12. Both classroom and in-field hands-on crop loss adjuster training were provided. New and experienced loss adjusters learned basic crop-hail adjustment procedure, worked through simulated hail losses on test plots at the Bradford Research Center and received an update on recent loss adjustment changes in the classroom. Guest speaker Dr. Bill Wiebold, University of Missouri, presented on the soybean research that helped develop current soybeans loss adjustment procedures.
