Another active week at NCIS. With many new and important developments taking place in our industry, we bring you a "round-up" of NCIS activities, meetings, projects and progress. A list of future events will also be included in each edition.

We welcome your comments and look forward to sharing this update with you.

NCIS Program Development Committee (PDC) Meeting Held in Overland Park

The NCIS Program Development Committee met in Overland Park May 23 and 24 at the NCIS office. The PDC is comprised of the Chairmen from each of the seven Standing committees (Communications and Outreach; Crop-Hail Actuarial and Statistics; Crop-Hail Policy, Procedure and Loss Adjustment; MPC Policy, Procedure and Loss Adjustment; Technology and Information Processing; Training and Education; and Underwriting and Operations) as well as a representative from each member company with active representation on a minimum of four Standing committees. Members of the PDC are briefed on issues affecting the crop insurance industry that are recommended by the various standing committees. Action items brought forward and approved through the PDC are then reviewed by the Board of Directors.

NCIS Meets with Austrian Agricultural Study Group

Tom Zacharias and Sherri Scharff met with members of the Austrian Agricultural Study Tour, which was held in Des Moines, IA, and Chicago, IL, May 24 - 29. In conjunction with crop insurance discussions, the group also visited a hybrid seed company, several farms and the Chicago Board of Trade. The tour was led by Dr. Kurt Weinberger who, in addition to his corporate responsibilities, serves on the Board of Directors of the International Association of Agricultural Production Insurers (AIAG). We trust the group had an educational and informative visit and welcome this partnership.
