Another active week at NCIS. With many new and important developments taking place in our industry, we bring you a "round-up" of NCIS activities, meetings, projects and progress. A list of future events will also be included in each edition.

We welcome your comments and look forward to sharing this update with you.

NCIS Offices will be closed Monday, May 29 in honor of Memorial Day! What's Happening will resume publication Monday, June 5.

Marketing Planning Workshops

NCIS is partnering with Extension Educators at North Carolina A&T State University and South Carolina State University to teach a series of workshops on marketing to limited resource and socially disadvantaged farmers in the Strike Force counties in the Carolinas. The objective is to help farmers and ranchers understand their risk exposure and develop marketing plans and strategies for their farms. This training consists of a series of three workshops and sixty hours of individualized instruction. NCIS conducted the first of the three workshops in Clinton, NC, May 18; Lumberton, NC, May 19; and Bowman, SC, May 20. During these workshops, each participant was instructed in how to use the business planning approach to evaluate their risk exposure and was introduced to the five decision variables that compose the Marketing Mix (product, price, place, promotion, people). Participants were give a homework assignment to complete before the next workshops which will be conducted in June. Funding for the project is from a competitively awarded Cooperative Agreement with RMA. Dr. Laurence Crane, NCIS, is Project Director and primary instructor of this activity.

2017 AIR Worldwide Presentation by NCIS

NCIS President, Tom Zacharias, presented a Crop Insurance Industry Update at the AIR Crop Insurance Symposium, organized by AIR Worldwide. This annual event, held in Boston, MA, May 18-19, provides a forum for its international audience to gather information from the insurance industry, academia and the U.S. government. Other guest speakers included Dr. Robert Johansson, Chief Economist at the US Department of Agriculture (USDA); Dr. Keith Coble, Mississippi State University; Dr. Bruce Sherrick, University of Illinois; Rémi Villeneuve, Agriculture and Agri-Food Canada; Chris Aulbur, USDA, Risk Management Agency; and Barry Goodwin, North Carolina State University.
