Objective

To provide new and experienced loss adjusters with plant physiology training and NCIS procedures for working claims involving Crop Hail Corn and Cotton. Activities will include sessions with classroom instruction on current NCIS policy/procedures and effects of hail damage on a corn/cotton plant. In-field sessions with hands-on loss adjusting, along with instruction on proper completion of loss forms can be expected.

Material Needed

In order to participate fully, attendees should bring the following: calculator, measuring tape, pocket knife, highlighter, rain gear, mud boots, pen and clipboard. The current handbook and additional training material will be provided to you.
