INFORMATIONAL MEMORANDUM:  R&D-02-004

TO:    Lawn Seed Producer Groups
       All Risk Management Agency Field Offices
       All Reinsured Companies

FROM:  Tim B. Witt  /s/ Tim B. Witt
       Deputy Administrator

SUBJECT: Request for Input from Lawn Seed Producer Groups

BACKGROUND:

The Risk Management Agency (RMA) intends to obtain input from producer groups before entering into contracts for research and development to increase participation in areas or for agricultural commodities that may be underserved by the Federal crop insurance program. RMA believes this input is critical in determining the need and direction of research and potential development.

ACTION:

RMA requests input from groups or individuals representing lawn seed producers so that their needs, concerns, and other input may be considered before it enters into a contract for the research and possible development of risk management strategies or products for producers of this commodity. Of particular interest is any input that would help RMA determine the extent to which producers want RMA to pursue such research and potential development of risk management strategies or products. RMA is also interested in receiving specific suggestions and concerns regarding the structure, scope, and limitations producers and producer groups want to be considered for such strategies or products. Anyone who is aware of insurance protection that is generally available from private companies to cover the risks that would likely be covered by recommended risk management strategies or products, is encouraged to advise RMA accordingly as indicated below.
Please provide your input to Terrence Katzer by February 8, 2002, to assure its consideration. Mr. Katzer may be reached by e-mail at "Terrence.Katzer@rm.fcic.usda.gov," by fax at (816) 926-7343, or at the following postal address:

Attention: Terrence Katzer  
Research and Evaluation Division  
Risk Management Agency
